

**INDIAN INSTITUTE OF TECHNOLOGY GOA**  
**Goa Engineering College campus, Farmagudi, Ponda-403401 Goa**

---

Advt.No. IIT Goa/SCE/2017/3

Dated 15-12-2017

**Recruitment of a ‘Senior Consultant Engineer’ on contract  
(Consolidated salary basis)**

IIT Goa, an Institute of national Importance has been established in the year 2016 by MHRD, Government of India in the state of Goa. The Institute is temporarily housed in the campus of Goa College of Engineering, Farmagudi, Ponda, Goa. The construction work for few buildings (Student’s Hostel, Academic Block, etc.) is being carried out in the temporary campus by CPWD. The Institute is planning for construction of its own campus in about 300 ha land in Goa for which town planning and architectural work is under process.

The Institute is looking for a ‘Senior Consultant Engineer’ preferable a retired Senior Civil Engineer from a large construction organization like CPWD/PWD who can manage the construction planning and monitor progress of work. The incumbent has to ensuring the safe and timely completion of construction projects without compromising the quality.

**Job Responsibilities:**

- undertake technical and feasibility studies and site investigations, and may assist in developing detailed designs;
- draft, execute, and supervise tenders and tendering procedures;
- supervise and visit construction sites and advise on construction issues;
- oversee and supervise the work of team of engineers employed by the Institute for construction/maintenance related works.
- communicate and liaise effectively with architects, contractor/subcontractors, contracting engineers, consultants, co-workers etc.
- ensure implementation of Labour Law and other statutory laws as applicable
- compile, check and submit construction status reports to the authorities of the Institute on regular basis.
- use computer-aided design (CAD) packages for designing projects, if required.
- manage all relevant requirements such as building permits, environmental regulations, good manufacturing practices and safety on all work assignments;
- correct any project deficiencies that affect production, quality and safety requirements.

The offer is initially for one year and shall be extended based on performance and requirement. The emoluments and perks will be commensurate on the basis of qualifications and experience of the candidate.

The candidates who fulfil the above requirements and have considerable work experience in the related areas may apply along with full details of qualification, experience, present/past posts held, emoluments drawn with pay scales and expected salary to the email id [registrar@iitgoa.ac.in](mailto:registrar@iitgoa.ac.in) on or before 15<sup>th</sup> January 2018. The eligible candidates may also submit hard copy of their application/detailed resume along with all relevant annexure at the following address:
